

FIRST INTERNATIONAL IUIS-ALAI-SMI ONCOIMMUNOLOGY-MEXICO COURSE

Location: San Miguel Allende, Guanajuato, Mexico

Date: 05-08 October, 2016

Site: Hotel Mision San Miguel Allende

Description

A fundamental course on basic and clinical knowledge in the fields of immunology and cancer. Invited speakers are well-recognised researchers with proven expertise in basic and clinical tumor immunology research, as well as teaching skills. The lectures will cover the major topics in the fields of tumor and immunology. All lecturers will encourage interaction with the students throughout lectures. Also there will be an opportunity for students to interact with the faculty during the course.

Target Audience

The target audience will include clinical and research fellows, Postgraduates students interested and currently performing research in disciplines related to immunology and oncology; scientists or other research personnel from biotechnology and pharmaceutical companies who are involved in developing new therapies in the field of oncology and immunology, or require update their knowledge in immunology.

Scientific Program: Please visit web link at: www.sminmunologia.org

All participants will have free access to teaching material via the web-based Immunopaedia platform six weeks ahead of the course, and must familiarize themselves with a good knowledge of basic immunology and oncology.
